

Trip Log Instructions*

After reviewing the five modules, completing this Trip Log is your last step in the program.

Complete five hours of driving and take a minimum of 10 trips.

You can log your trips in one of these two ways:

- 1. Print this page.** Then when you're done with each trip, fill in the details below. Once you've completed all your trips, return this page, along with the signed [Statement of Qualification](#) form, to your State Farm® agent's office.
- 2. Save this page to your computer and electronically fill out the PDF.** When you've completed all your trips, you can also electronically sign the [Statement of Qualification](#). Then email both of these documents to your State Farm agent.
